EXPERIENCE

Mechanic
Phil Fitts Ford — New Castle, PA
October 2020 — September 2023

- Performed step-by-step maintenance and repair on cars and trucks

- Diagnosed mechanical issues and implemented effective solutions

- Gained experience in structured problem-solving and hands-on systems thinking

EDUCATION

High School Diploma

Lawrence County Career and Technical Center — New Castle, PA

September 2018 — June 2021

PROJECTS

Asteroid Game — Pygame (Python)
github.com/LeifLaughLove/asteroidGame

- Classic arcade shooter with local multiplayer, power-ups, and difficulty scaling

- Implemented game loop, player/enemy systems, and sprite-based animations

- Built with performance and gameplay flow in mind

SKILLS

Python, Pygame, Linux (WSL), Git & Github

Summary

Aspiring junior developer with a background in hands-on mechanical work and a growing portfolio of programming projects. Strong problem-solving skills, self-motivated learner, and passionate about building creative and efficient digital solutions. Currently developing 2D games in Python and exploring backend technologies like Flask.

Portfolio Website – HTML/CSS + GitHub Pages
https://leiflaughlove.github.io/portfolio-site/

- Responsive personal site showcasing projects and resume

- Custom-built with CSS for styling and animations

- Hosted on GitHub Pages for public visibility
